\$3,600 DAMAGE WHEN BIG TRUCK RAMS CAR, FENCE

Damage totalled \$3,600 when a tractor-trailer smashed into the rear of an auto, then struck a guard fence a half mile east of here on the Lincoln Highway Saturday night at 11:55 o'clock.

Police said Eric E. Glass, 17, Emmitsburg R. 2, was driving west when a westbound tractor trailer operated by Harry M. Talhelm, 40, Chambersburg R. 6, crashed into the rear of Glass' Ford sedan near Warren Chevrolet Sales.

The impact hurled the auto off the right side of the road into guard rails. A passenger in Glass' car, Joan Topper, 16, Emmitsburg, suffered a laceration of the right elbow. She did not seek medical attention immediately, the officers said.

Rips Out Seven Posts

The tractor trailer, owned by Leonard Spitz, Inc., Greencastle, after hitting the car, continued westward, then went off the north off two guard fence posts.

Police said the impact of the tractor-trailer against the two guard fence posts uprooted five other posts in the fence and pulled out 180 feet of wire of the guard fence.

Talhelm was taken before Justice of the Peace Harry Baker, Straban Twp., where he pleaded guilty to a charge of driving too fast for conditions and paid a \$10 fine and costs.

Damage was estimated at \$3,000 to the tractor-trailer, \$500 to the car and \$100 to the guard fence owned by the Pennsylvania Department of Highways.

ERNIE FORD AND HIS WIFE VISIT 'FIELD

Tennessee Ernie Ford, well-known television personality, and his wife were among visitors to the Gettysburg Battlefield Sunday.

Kenneth W. Johns, president of the Battlefield Guides Association, served as guide for Mr. and Mrs. Ford during a three-hour trip over the field, which the comedian and singer said will be followed by a trip "when the boys and I can spend a whole day here."

The Fords told Johns they were enroute from a vacation in the New England states to Ford's home in Tennessee where their sons are vacationing.

Ford made no advance arrangements for his visit here. He arrived on Lincoln Square and started looking for a guide. Johns, who had just completed a trip with a bus, was walking up Carlisle St. when he was spotted by Ford.

Gave Autographs

Johns said Ford "looks and talks just like he does on television." He added that Ford "was pretty familiar with the battlefield," and "took about 200 pictures," using three cameras, two loaded with color film and one with black and white.

Tourists on the battlefield recognized the entertainer and crowded around him for autographs. Johns asked Ford, when he signed his name for about the 150th time, "Don't you get tired of signing autographs?"

Ford's reply was: "When the kids get tired of asking for autographs Old Ernie is gonna have to start looking for another job."

The local guide said the biggest laugh of the tour came when a youngster after walking up to Ford, walked around him and then peered into his face and said: "Well, how's my pea-picking cousin? Shake," and put out his hand. Ford doubled up with laughter, and then held out his hand to the boy and said: "Howdy cousin."

Mercury Hits 100 Sunday For New 1957 Heat Record

The hottest day of the year and the hottest weather Gettysburg has experienced since September, 1955, scorched the community Sunday when the high reading was a sizzling 100 degrees.

The weatherman may have been marking an anniversary for it was on July 21 in 1926 that the all time high reading of 105 degrees was last recorded in Gettysburg. That mark had been set first on August 6 and 7, 1918.

Yesterday brought the hottest weather Gettysburg has seen since the mercury soared to 101 and 102 degrees in September, 1955. The highest reading in July of last year was 95 and July, 1955, did not send the mercury above 98 degrees. Yesterday's 100-degree reading made it the hottest July 21 since 1930 when the high was 101 degrees.

Hottest Night Of Year
The hottest day of the year was followed by the hottest night of 1957. The low reading here last night was 77 degrees.

The current heat wave makes more acute the need for rain and July now stands about three inches short of normal with only nine-tenths of an inch of rain falling here so far this month. Normal for the month is 3.89 inches.

Last measurable amount of rain fell here two weeks ago. It was 0.87 inches of rain the night of July 9 and early the morning of July 9. No rain has fallen since and the intense heat is only adding to the troubles of farmers who report brown pastures, corn curling from the drought and heat, gardens and vegetable fields suffering for lack of rainfall.

July began with Gettysburg being 3.72 inches short of normal rainfall for the first six months of the year. June went into the records here as the hottest June in 14 years.

Some Relief In Sight

Pennsylvania sweltered under the current heat wave again today but there was some indication it might ease up, the Associated Press said.

"Hot and humid" today, warm tonight, not quite as hot Tuesday and Wednesday," was the way the Weather Bureau put it.

The high temperature in the state Sunday was 101 degrees at Philadelphia. The overnight low was 59 degrees at Emporium.

The bureau's long-range forecast for the week said the heat wave may moderate some in both the eastern and western areas.

There was a chance of scattered thundershowers over the northern half of the state this afternoon or evening and on Tuesday but the amount was expected to be light.

Chamberlin, pastor of Trinity Evangelical Lutheran Church, Altoona, the convention chaplain; recreation and business sessions. The Rev. The convention will close Friday evening with a candlelight installation service for the newly-elected officers. The sermon will be delivered by the Rev. James M. Singer, pastor of St. Matthew's Evangelical Lutheran Church,

O'NEILL SHIFTS STAND ON TEST FOR SHEPPARD

COLUMBUS, Ohio (AP) — Ohio Gov. C. William O'Neill said today Dr. Sam Sheppard will not receive a lie detector test until the "confession" of a Florida prisoner that he killed the doctor's wife is determined to be true.

The governor announced his position after a telegram from the unofficial "Court of Last Resort" headed by mystery writer Erle Stanley Gardner, cast doubt upon the validity of a confession by Donald Wedler.

Wedler said he bludgeoned a woman during a burglary on the same night that Dr. Sam's wife, Marilyn, was killed in her Cleveland suburban home. Sheppard, who protested his innocence, is serving a life sentence for her slaying.

Charges Posited

O'Neill, who last week gave permission for a lie detector test to Sheppard changed his position after receiving this telegram from the Court of Last Resort, an unofficial body created to prove innocent those who may have been wrongly convicted.

"We are still not prepared to take as true the confession of Donald Wedler. But following our examination of him in Florida we admit to a growing conviction that he may well have committed the murder of Marilyn Sheppard. However, no one should form any final opinion on this man until after there has been a lot more investigative work done and until there has been a psychiatric investigation."

"There are some important major conflicts between his story and existing fact. These conflicts may have been the result of drug reactions and attempts to rationalize his acts or just plain deception."

Earlier Telegrams

O'Neill pointed out that earlier telegrams from the court said there was not the slightest evidence of deception in Wedler's statement. But the governor said the latest telegram uses the language "or just plain deception."

"This present telegram," O'Neill said, "indicates the tests show he may be guilty of just plain deception."

"I have discussed this with Warden Alvis of Ohio Penitentiary. It is my opinion and his that until the truthfulness of this confession is determined, there should be no lie detector test given to Sheppard."

O'Neill said he would wire a similar statement to the Court of Last Resort.

GETS 4 MONTHS ON "SIDEWALLS"

FUCHU, Japan (AP) — A 20-year-old American airman who objected to getting a "white sidewall" haircut was convicted of disobeying orders today and sentenced to four months at hard labor.

The airman, Donald Wheeler of Cortez, Colo., also was sentenced to lose \$200 in pay and reduced to the rank of basic airman—private—from airman third class.

Wheeler contended that he had "challenged" an order to get a "white sidewall" haircut because he had received a regulation Air Force trim only the day before the order was given. A "white sidewall" strips the hair from the ears to the crown, leaving only a fringe on top.

After the court-martial board returned its verdict, Wheeler asked: "Can you imagine anybody going to jail for not getting a haircut?"

The charges against Wheeler did not mention haircuts and the Air Force contended it was a "routine" matter of military discipline.

LEWISTOWN, Pa. (AP) — One of four tracks of the Pennsylvania Railroad's main line was used for both eastbound and westbound traffic today due to a freight wreck. No one was injured in the wreck yesterday morning.

Railroad officials said they expected two other tracks to be reopened during the day.

The railroad reported that 16 cars of a 141-car eastbound freight were derailed when the journal burned off the 38th car.

Say CD Officials Overlook Shelters

WASHINGTON (AP) — A House Government Operations Committee report rapped Civil Defense officials today for not putting more emphasis on shelters than evacuation in case of an enemy atomic attack.

It also said the Federal Civil Defense Administration "has been grossly negligent at the possible expense of our national security if it is only now taking into consideration the hazards of radioactive fallout."

Ten of the 13 Republican members of the 30-man committee signed a separate report of "minority views" saying they thought the recommendation that shelters be built in all target areas "has not been completely thought out."

The executive branch has yet to make "a determination in this matter."

The minority views called for more study both on the shelters and fallout.

FINAL LAW OF '57 ASSEMBLY GOES IN BOOKS

HARRISBURG (AP) — The final law of the 1957 General Assembly went into the books today following signature by Gov. Leader.

The governor endorsed the measure—the last of some 400 bills left for his action when the Legislature adjourned a month ago—yesterday and left immediately for a two-week vacation at an undisclosed spot.

The final bill sets up ground rules for appointed state officials and employees in dealing with state agencies. Leader approved the measure with reservations since the bill did not include members of the General Assembly in its provisions.

Signature of the bill brought to 546 the total measures signed into law during the session. They represent about one fifth of the 2,671 bills introduced in House and Senate.

The governor set a new all-time record for the number of bills vetoed, breaking a 24-year-old mark. The Legislature approved 665 measures, including 444 originating in the House and 212 in the Senate. Leader vetoed 119.

The conflict of interest measure was one sought by the administration.

COURT TOSSES TREE SEEDLING CASE OUT TODAY

HARRISBURG (AP) — The Dauphin County Court today dismissed the commonwealth's half million dollar suit against Musser Forests, Inc., Indiana County, and five of its stockholders.

The decision was handed down in a native's suit filed in November, 1956, charging a "conspiracy to cheat and defraud the commonwealth" in the sale of tree seedlings.

The court's opinion written by Judge Walter R. Sohn held the state's complaint was "fatally defective" and failed to establish a case.

Court Put On State
Judge Sohn ruled that the commonwealth "failed to aver with the required particularity the facts establishing the alleged conspiracy upon which the whole framework of its action must depend."

"Judgment is entered in favor of each and all of the individual defendants and against the commonwealth of Pennsylvania and the action is herewith dismissed at the cost of the commonwealth. Individuals named in the suit were:

Fred Musser; his wife, Dorothy Musser; the late Sen. L. M. Peel; Robert M. Fisher, son of former Gov. John S. Fisher, and G. W. Musser, brother of Fred Musser, all of Indiana, Pa.

TRIBAL REBELS STIR CRISIS IN MIDDLE EAST

LONDON (AP) — Foreign Secretary Selwyn Lloyd charged today that "outside" forces are behind a tribal rebellion in a remote Arabian peninsula area. The tribal uprising is threatening a new Middle East crisis.

Lloyd told the House of Commons that forces opposed to the British-supported Sultan of Muscat and Oman "have clearly received assistance from outside territories." He did not elaborate. But the British press has been charging that the uprising has been incited by Saudi Arabia, a friend on the United States.

Lloyd said "small-scale precautionary movements" of British forces already have taken place in response to a plea by the Sultan for support.

Arms From U. S.
Saudi Arabia has received arms from the United States, but Lloyd said he had no knowledge that arms used in the rebellion "are of American origin."

"We know there are modern arms which must have come from territories outside Muscat," he added.

Lloyd made his statement after British government leaders, including top defense officials and Middle East advisors, met with Prime Minister Harold Macmillan to consider the crisis.

British Take Steps
Already Britain has taken preliminary steps to meet Sultan Said Bin Taimur's appeal for help.

A government spokesman said "small, precautionary troop movements" have been ordered to the area which may be rich in oil.

Three British infantry companies in Kenya also were alerted for possible movement to the area and there were unconfirmed reports that aircraft were alerted in both Cyprus and Iraq. Two British frigates were standing by off Muscat.

Commander Back
Col. Pat Waterfield, retired, the British commander of the Sultan's small forces, has been on leave here, but flew back to Muscat where the temperature was reported to be 130 degrees.

Unconfirmed reports reaching Bahrain in the Persian Gulf said rebels had cut a road leading to Odaiba Airfield in the Sultanate. The airfield, 15 miles from Muscat, is a supply base for operations of Oman Petroleum Development, Ltd.

Serious Implications
The international implications of the rebellion were serious. Some observers saw a conflict of American and British policy. The care with which the Macmillan government approached the situation made clear that difficult policy issues were involved.

Saudi Arabia is a leading power in persuading other Arab States to accept the Eisenhower doctrine against communism in the Middle East. King Saud of Saudi Arabia, who draws big American oil royalties, is regarded as a friend of the United States.

The rebellion was set off when Imam Ghaleb ben Ali, religious leader of Oman, seized control three days ago of some 5,000 square miles of territory governed by the Sultan of Muscat and Oman.

The Sultan immediately appealed for help from Britain, with whom his government has had treaty relations since 1839.

CLAIMS AUDIT FEE EXPENSIVE

HARRISBURG (AP) — State Treasurer Robert F. Kent held today the administration is paying "an extremely exorbitant price" for auditing of a controversial special unemployment compensation fund.

Kent contended the audit, expected to take three weeks, was contracted for at the rate of \$210 a day.

Payment from the fund to a group of persons, including prominent politicians, for part-time work as special investigators led to the dismissal of John R. Torquato as secretary of labor and industry.

Kent contended in a weekend statement that the audit should be handled by Aud. Gen. Charles C. Smith.

Kent, who is custodian of the special fund, said he would confer with Irving Yaverbaum, Harrisburg accountant who was awarded the auditing contract by Gov. Leader's office.

In other action, Rep. Albert W. Johnson, Republican House floor leader, contended Leader showed "dictatorial nonsense" in vetoing a measure to require legislative approval of cost increases by the public Assistance Department.

"CHANCES"
It's been said we'll never progress... unless we will take a chance... and without some speculation... we are somewhat in a trance... gains are only made by risking... what we have to get a prize... and unless we gamble something... we will seldom make a rise... life itself is just a gamble... first we're in and then we're out... there are very few among us... who know what it's all about... we can play the game real cautious... and with little be content... to some folks it is the best way... and the most intelligent... still in business or in pleasure... or a game of sweet romance... the outcome hinges unforeseen... upon a thing called chance.

150 IN PUBLIX
GOLF TOURNEY

HERSHEY, Pa. (AP)—A field of 150 pay-as-you-play golfers from across the nation will tee off next Monday to open the 32nd annual U.S. Publix Championship tournament.

The golfers, representing the country's public golf courses, face the rugged 6,055-yard Hershey Park course—normally a par 71 layout, but pared down to par 70 for the publix tourney.

In the state publix championships several weeks ago no golfer in a field of nearly a hundred cracked the par 71.

The entire 150-man field will play through an initial 36-hole qualifying round to determine the top 64 players for six rounds of match play to decide the championship now held by James H. Buxbaum, of Memphis, Tenn. The competition ends Aug. 3.

Also at stake in the qualifying rounds will be the team championship. A total of 23 teams from 16 states and Hawaii are entered in that competition. The three-man squad with the lowest aggregate for the qualifying round wins the Warren G. Harding trophy, now held by the Memphis team made up of Buxbaum, William Donaldson and Jack Walton.

Turnpike Case
In Eighth Week

HARRISBURG (AP)—The turnpike conspiracy trial moved into its eighth and probably last week in Dauphin County Court today with defense attorneys expected to complete summation of cases for their clients.

The prosecution is scheduled to outline its case against nine men charged with conspiring to defraud the toll road commission when court opens tomorrow.

Judge Homer L. Kreider said he figured the way would be cleared for him to charge the jury Wednesday and put the case into their hands late that afternoon.

The commonwealth charges that the nine men conspired through a work contract for the toll road northeast extension to fleece the commission of 19½ million dollars. The disputed contract was given Man-Mine Research and Development Co., Reading, for filling mine voids beneath a six-mile section of the northeast spur.

Stunt Man At Bonneauville

Capt. Earl MacDonald, Hollywood stunt man, is the featured attraction this week at the annual carnival being held by the Bonneauville Community Fire Company. Each evening he will dive from a 75-foot pole into a aluminum tank holding a bag of water 10½ feet in diameter and six feet high. He is shown in the picture as he somersaults backwards into space. He turns once and then lands in the water which is covered with flaming gasoline. To make the stunt more dangerous five spears are placed around the tank of water to impale him if he misses. MacDonald has made 4,800 dives in 48 states. The carnival will be held nightly, ending Saturday night. Also featured tonight are movies; Tuesday night, Buddy Allen and his Jillybilly Travelers; Wednesday night, Oklahoma Travelers; Thursday night, Gettysburg High School band; Friday night, Garry Eppey and Saturday night, the Littlestown High School band and fireworks.

GRID STAR IS
SHOT TO DEATH

SAN FRANCISCO (AP)—Roy Barni, standout college and professional football player, died today five hours after he was shot during a quarrel at his tavern.

Held on a murder charge was James D. Invernizzi, a beer truck driver, who police said, pumped three bullets into the 30-year-old Washington Redskins halfback.

Witnesses said Barni had escorted Invernizzi, 62, from the Fillmore Street bar for using vulgar language.

Barni, shot in the chest, abdomen and thigh, died at San Francisco City Hospital.

Police said Invernizzi told them he shot the former University of San Francisco star because "I didn't like him." He told the officers Barni punched him and knocked him down.

Tom Botti, a 37-year-old garage man, told officers he had been talking with Invernizzi when Invernizzi grew loud and profane and Barni asked him to leave.

Botti said: "I was right behind when Roy took him to the door. First thing I know, bang, bang, bang."

Barni is married and the father of a daughter, 3. His wife Gloria is expecting another child in November.

PRINCESS' BEAU
TRANSFERRED

LONDON (AP)—The current favorite of Princess Margaret is being transferred to Cyprus within two weeks.

The War Office labeled the charge a routine assignment but friends called it a surprise.

Lord Patrick Beresford, 23, a lieutenant in the Royal Horse Guards for four years, has completed his tour of duty in Britain and is now due for overseas service, the War Office said.

Rumors last week had his engagement to the 26-year-old princess in the offing. The Daily Express said, "The constant association of his name with the princess has caused the (palace) officials acute embarrassment."

The paper commented that "being a friend of the princess seems to be becoming a qualification for a ticket to far-off places."

A palace aide, Group Capt. Peter Townsend, was transferred to the British Embassy in Brussels when his name was romantically linked with Margaret's.

Officers at the London barracks of Lord Beresford's regiment said they were surprised at the transfer. He originally wasn't supposed to leave until October, they said.

Wins Golf Crown
2nd Consecutive Year

PITTSBURGH (AP)—John Dyniewski of Philadelphia has won the Pennsylvania State Amateur Golf Championship two years in a row. He retained the title Saturday by defeating Fred Paine of Pittsburgh in the final round. They were tied at the end of the regulation 18 holes and went into a "sudden death" playoff.

They halved the first extra hole, but on the second Dyniewski fired a par four while Paine overshot the green for a double bogey six.

Only one other man has won the title two years in a row. He is W. C. Fowkes Jr. of Oakmont who copied it in 1909 and 1910.

WOMAN LIFER
LEAVES PRISON
AFTER 3 YEARS

By CHARLES R. LEWIS

ALDERSON, W. Va. (AP)—British-born Mrs. Eunice (Sally) Brillhart stepped from a prison medical laboratory into the hot sunlight of freedom today, smiling radiantly beside her tall soldier husband.

The attractive 31-year-old woman left the federal reformatory for women in this southern West Virginia community exactly at 9 a.m. EST after serving almost three years of a life sentence imposed for the death of three of her four children.

She was convicted by an Army court-martial in 1954 after that tribunal found her guilty of dropping the youngsters on their heads over a 13-month period between November 1952 and Dec. 7, 1953.

Case Was Reviewed
Pentagon officials reviewed her case after a recent Supreme Court decision holding that military courts have no jurisdiction over civilians who accompany service men abroad.

The deaths occurred while the Brillhart family was stationed at Asmara, Eritrea, now a part of Ethiopia. The British Embassy requested about a year ago that her case be reviewed.

With Sgt. Robert W. Brillhart standing quietly beside her at the prison gate, the woman said she didn't really "feel anything yet."

She added, "This is the most wonderful thing that ever happened."

Both she and Brillhart made it clear that they plan to stay together, and Mrs. Brillhart said somewhat soberly that "I don't think the past will be brought up."

JERSEY SHORE, Pa. (AP)—Oscar Hooks, 13, drowned Saturday night while swimming in the Susquehanna River near here.

Lycoming County Coroner Earl Miller said the youngster, a migrant farm worker from Savannah, Ga., sank in the river after swimming about a half hour. Miller said two companions were with Hooks when he disappeared.

SHOOTS WOMAN,
KILLS FRIEND,
THEN SUICIDES

CLEARFIELD, Pa. (AP)—A 28-year-old man shot and wounded his estranged wife then killed her male companion and himself near here yesterday.

Coroner Robert R. Heath said Guy Carl Mumau of Glen Campbell shot his 23-year-old wife, Jeanette, in the jaw with a .22 caliber pistol and then killed Marvin Price, 31, of Burnham, before turning the weapon on himself.

Mrs. Mumau was reported in satisfactory condition at Clearfield Hospital.

The shooting occurred just outside the home of Mrs. Mumau's father, James Dickey, on Route 219 at Bell's Landing.

Mrs. Mumau, who had been staying at her father's home with her young son, drove up in a car with Price about 3:15 a.m.

Mrs. Mumau told state police she saw her husband running toward the car and "as I opened the car door he shot me, then Marvin."

Mrs. Mumau has been working in her father's lunchroom about 16 miles west of Clearfield. State police said she filed for divorce last Monday. Police said Price was married and the father of two children.

LEWISTOWN, Pa. (AP)—A 27-year-old Enola man was killed and his 11-year-old son was critically injured when their motorcycle collided head-on with an auto on Route 22 near here Saturday.

Police said William A. Goodlander was killed and his son, William Jr., suffered a fractured skull and pelvis when they collided with an auto driven by Linda Kohler, 18, of nearby Port Royal.

The accident occurred after Miss Kohler's car struck a utility pole and swerved into the path of the motorcycle. She received cuts and bruises in the crash.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

ONE HUNDRED YEARS AGO

We are authorized to announce the name of Capt. C. H. Buehler for the Office of Prothonotary of Adams County — subject to the nomination of the Union County Convention.

The Railroad: The completion of the Gettysburg Railroad is now "a fixed fact," and there is every reason to believe that by the Christmas holidays, the "iron horse" will reach our town on his travel westward. The whole of the iron necessary to lay the road, about 1,350 tons, has been purchased and a large quantity has reached Hanover. The remainder will be delivered at that place regularly during the laying of the track, which is now being commenced. Mr. Henry Welty of this place and Mr. Polin have the contract, at \$325 a mile — the ties and iron being delivered to them by the Company, as wanted. It is a Welsh rail of the best quality, weighing about 50 pounds to the yard. An arrangement has been made for the working of the road by the Hanover Railroad Company for the present.

The managers of the Road are entitled to much credit for the energy and perseverance they have exhibited in pushing forward the work; and it is to be hoped that the stockholders will promptly second them in their determination to finish this long desired improvement at an early day.

A Beginning: We learn that the Messrs. Smalls, enterprising merchants of York, on Thursday last purchased a lot of ground at New Oxford preparatory to the erection of an extensive warehouse there for the reception of produce. The railroad will be completed to that place, it is thought, in a few weeks.

A young man named Martin, whilst chopping wood near Caledonia Springs, in this county, on the 15th inst., was bitten in the finger by a large rattlesnake. His hand swelled very much in a short time, but by the prompt use of proper remedies he is rapidly recovering. Some three hours after the bite was inflicted the snake, which was of enormous size, was captured alive by some persons who went in search of him. He was caged and taken to Baltimore.

SEVENTY-FIVE YEARS AGO
Progress And Happiness: Indeed the opportunities and advantages of the age are so immense, the conveniences so prodigious, the conveniences so prodigious and supreme to see if there is a corresponding advance in human welfare. The Arabian stories are outdone. We own all the amulets. We have mastered all the magic. But there are those who reflect that there is apparently the same old sorrow and suffering on every side.

The Golden Age was not that in which inventive genius wrought miracles, but when prosperity was a prosperity of mutual good will, of friendly interests, of general cooperation. Telegraphs and electric lights and cheap periodicals will not restore it, only the same spirit among all men.

England means to have the Egyptian trouble satisfactorily adjusted, with or without European aid. If the powers agree to intervene for the suppression of the rebellious Arabi, well and good; if not, England will see to it that order is enforced. Lord Granville's dispatch to Lord Dufferin is a most satisfactory statement of England's position in relation to Egypt. Recourse to force is declared to be absolutely necessary.

Local Items: Ex-Register Nathaniel Miller has corn growing on his lot on East Middle street, some of the stalks being 12 feet high.

Rev. J. W. Breitenbach, pastor of the Lutheran church, York Springs, has resigned.

Ell C. Griest, York Springs, has the contract for building a new schoolhouse in Latimore township at \$999.

Today's Talk

THE THRILL OF GOING
We all should keep moving in some manner Stevenson said: "For my part, I travel not to go anywhere, but to go. I travel for travel's sake. The great affair is to move; to feel the needs and the hitches of our life more nearly; to come down off this feather-bed of civilization and find the globe granite under foot and strewn with cutting flints."

It is the getting ready to go somewhere that stirs the blood and the imagination. We all need periodic changes, and to new scenes. Travelers find it difficult to settle down after long periods of moving about. But they are among the happiest of human beings, for they keep their eyes open and their interests on a high plane.

Thoreau loved his woods and Walden Pond, but after two years he felt the urge of traveling around for the satisfaction of new experiences. This was fortunate, for in volume after volume he wrote his thoughts and experiences that today form a veritable library of choice and inspiring books. But Walden was a guide to them all. It seeded his entire literary life. The beauty of nature was a paradise to him, and he taught us to look upon it as such.

Planning to go is good, but to go is the key. I once took a journey that resulted in my small island retreat in Nova Scotia. With my son we traveled north, with no plans and little preparation, with the idea of just traveling, wherever it might take us. It took us to Quebec and then into the Maritimes, the nesting place of a grand people and inspiring chapters in nature's choicest scenic offerings.

Tomorrow Mr. Adams will talk on the subject: "The Stars and You."

BRIDGE LAMENT
I send to Goren my regards.
At bridge he does right well with cards.
But up to date I've only read
Of what should properly be led.
But this is what I'd like to know:
How best to handle partners slow?

I write to ask him a plan
To stop the eager teaching clan?
Is there a method known, to tame
The players smart who quickly blame?

The partner when a hand is set?
If so, I haven't learned it yet.
I am perplexed, I need advice.
Some fellows every hand play twice.

I'd put an end to that somehow.
And would, if he can tell me how.
I write in sorrow and in shame:
Bridge used to be a friendly game.
It is no more; as he must know,
The player's partner is his foe.

SENTIMENT FOR AMENDMENT TO C-R BILL GROWS

By JACK BELL
WASHINGTON, D. C. — Sentiment among senators willing to state their position at this time is running heavily in favor of some form of jury trial amendment to the administration's civil rights bill.

An Associated Press canvass of 92 of the Senate's present 95 members showed that of 67 willing to disclose their views, 41 now want some provision for jury trials. The other 26 are opposed to any such change in the House-passed bill.

If all senators voted—as is seldom the case—48 votes would be required to place such an amendment in the bill.

Would Strip Bill
Southern opponents of the measure have centered their attack on a provision under which the attorney general could seek injunctions to enforce civil rights, with no jury trials provided for violators of court orders.

As the bill stands this procedure would apply both to cases involving voting rights and to those under which the bill's adversaries say federal efforts could be made to enforce racial integration of schools and of public places in the South.

Senators Anderson (D-NM) and Aiken (R-Vt.) have sought to strip from the bill all of its enforcement features except those involving voting rights.

Many Favor Jury Trials
If this amendment is adopted by the Senate that action obviously may influence the views of a sizable number of senators on a variety of proposals to provide for jury trials in contempt cases.

Sen. Knowland of California, the Senate Republican leader, has said that if the bill is limited to protection of voting rights he is confident the Senate will defeat any jury trial amendment. Sen. Ellender (D-La.), an opponent of the measure, said in a weekend broadcast he fears some such result.

Although action on the Anderson-Aiken amendment might cause some of them to change their views, 32 Democrats and nine Republicans indicated affirmative answers to the question: "Do you favor a jury trial amendment to the civil rights bill?"

19 Said "No"
These included Southerners who have announced they will support all amendments to soften the bill and then fight against passage of the measure.

Nineteen Republicans and seven Democrats answered "No."

This result paralleled roughly the response to a previous Associated Press canvass which showed that of 64 senators willing to state their position, 40 favored and 24 opposed efforts to trim the scope of the bill to provide only for enforcement of voting rights.

In both instances, nearly a third of the Senate remained publicly undecided on the two major issues presented in the administration's bill. This group could turn either issue either way.

Clark's For It
Atty. Gen. Brownell has contended that jury trials in contempt cases would go against "traditional experience" in court cases. He said that "when a court orders a thing done, then the court should be able to enforce it."

The bill's supporters have argued that a jury trial amendment would emasculate the legislation because they say Southern juries won't convict in civil rights cases.

As the situation stood, those favoring a jury trial amendment in some form included:

Sen. Clark of Pa., among the 32 Democrats for it.
Among the 19 Republicans polled who said they were against it were Senators Case and Smith of New Jersey and Ives and Javits of New York.

RECKLESS DRIVING CHARGE

Paul M. Beachtel, 23, Littlestown R. 1, has been charged by Hanover police with reckless driving in an information filed with Justice of the Peace William Y. Naill Jr., Hanover. Police said the charge was filed as a result of an accident Thursday morning at High St. and College Ave., in Hanover, when a truck driven by Beachtel was in collision with a car driven by Richard L. Roth, York.

In a survey made in 1956, the Civil Aeronautics Administration reported there are 298,076 active pilots in the United States. Of these, 80,494 were student pilots, and 132,525 pilots flying private airplanes.

TO MAKE FINAL ARGUMENTS IN KNOXVILLE TRIAL

By REILMAN MORIN
KNOXVILLE, Tenn. (AP)—Opposing lawyers are bringing final arguments to the jury today in the highly charged "Clinton trial" milestone case in the struggle over civil rights.

Afterwards, U. S. Dist. Judge Robert L. Taylor will instruct the jurors—10 men and two women, all white—on the legal complexities of the trial. Deliberations probably will begin tomorrow.

Awaiting judgment are 10 Tennesseans, one a woman, and John Kasper, 27-year-old Northern segregationist. They are charged with criminal contempt of court.

Conspiracy Charged
The U. S. government asserts that the 10 conspired with Kasper to violate a federal court order forbidding interference with desegregation of the high school in the little town of Clinton last fall, and that they committed "overt acts" to keep Negroes out of the school.

The complication lies primarily in the conspiracy section of the government's charge.
In his statement, Taylor will explain to the jurors whether they must find that more than one person "conspired" with Kasper in order to convict him. Lawyers say there have been instances

where only one defendant in a conspiracy trial was found guilty. Kasper is the only one named in the court injunction.

Questions Involved
The maximum sentence possible in this case is six months in jail and \$1,000 fine, or both.

Along with the question of the guilt or innocence of the 11 accused people are these questions:

1. Will a white Southern jury convict other whites in a trial growing out of the struggle over segregation?

2. How will the verdict—which ever way it goes—affect the great debate on civil rights legislation now raging in the Senate?

Order On Books
3. If all 11 defendants are cleared of the government's charge, will the high school in Clinton—storm center of this fierce fight—remain integrated?

Taylor's desegregation order is still on the books, and the injunction restraining anyone from interfering with integration in Clinton still stands.

But many people here feel that a complete acquittal would be interpreted as a clear verdict against integration in Tennessee. They believe it would be doubly difficult to enforce the order, then, in Clinton or anywhere else in the state.

Lawrence And Crowe Put Redlegs Back In Thick Of NL Pennant Race With Double Win Over Phils

By JOE REICHLER
The Associated Press

The pitching of Brooks Lawrence and the hitting of George Crowe, has the hot-and-cold Cincinnati Redlegs sizzling again, spelling bad news for the other four National League contenders.

They said Lawrence, acquired by the Reds in a trade with St. Louis the winter before last, was lucky last year when he won 19 games. They said Crowe, obtained from Milwaukee last year for a third stringer named Bob Hazle, was too old, too slow and too weak with the stick.

Today the Redlegs, after a 4-2 and 6-4 double-header sweep over Philadelphia, are only two games behind the pace-setting Milwaukee Braves, largely because Brooks turned in his 11th triumph of the season and Crowe walloped his 22nd home run.

Braves, Brooklyn Split
In other National League games Milwaukee split with New York, winning the second game 7-4 after the Giants had won the opener 5-4. Brooklyn gained a split with Chicago, winning 7-2 after a 5-4 defeat. St. Louis defeated Pittsburgh 7-3 in 10 innings of the opener and led 11-2 with one out in the top of the ninth when the second game was halted by Penn. sylvania's curfew law.

Chicago's White Sox pulled within 4 1/2 games of the American League-leading New York Yankees, shutting out the Boston Red Sox 3-0. The Cleveland Indians came from behind to down the Yankees 7-4 after losing the opener 4-3.

Detroit nipped Washington 6-5 in 10 innings when rookie pitcher Jim Heise of the Senators walked across the winning run with the bases loaded. Kansas City beat Baltimore 3-2 after the Orioles had won the opener 7-2.

Roberts Loses 13th
Lawrence gave up five hits to the Phillies before he was relieved by Raul Sanchez in the eighth of the opener. Crowe's two-run homer and a four-bagger by Gus Bell was enough to hand Robin Roberts his seventh straight defeat and 13th of the season. A 16-hit attack, including three hits each by Ted Kuszewski, Wally Pate and Roy McMillan, moved the Reds up into fourth place past the Phillies.

Lawrence, 32, has been the workhorse of the Redlegs, relieving in 10 games besides starting 19. Crowe, 34, hit four home runs in the last five days, the Reds winning five of the six games. Johnny Logan got 5-for-5 and Del Crandall drove in two runs with a home run and two singles as the Braves scored all their second-game runs in the last three innings to come from behind a 4-0 deficit. A two-run single by pinch hitter Hank Sauer in the ninth won the first game for the Giants.

Lahine Wins Fifth
A five-run fourth, highlighted by Duke Snider's pinch hit single with the bases full, helped the Dodgers gain their split with Chicago. Clem Lahine won his fifth game, pitching five innings of scoreless relief after replacing starter Don Newcombe. Home runs by Walt Moryn, Chuck Tanner and Lee Walls gave Chicago bonus right-hander Moe Drabowsky his sixth victory.

Second baseman Don Blasingame drove in four runs with a two-run homer in the third and a two-run single in the 10th in St. Louis' first-game victory over Pittsburgh. B. O. N. S. right-hander Lindy McDaniel hurled a six-hitter and contributed four hits himself before the second game was halted.

Narjeski Wins Sixth
Bobby Avila's three-run triple highlighted a four-run Cleveland rally that overcame a 4-2 Yankee lead in the second game and gave Ray Narjeski his sixth victory against one defeat. Gil McDougald and Elston Howard homered for the Yankees in the opener but it was a bases-loaded walk to Mickey Mantle that pushed over the winning run. The loss was charged to Bob Lemon.

The Tigers rallied for three tying runs in the ninth before Ray Boone singled in the 10th and stroled home when Heise walked three straight batters. Harry Byrd in relief, won his third game without a defeat.

JOE MCCARTHY, SAM CRAWFORD IN HALL OF FAME

COOPERSTOWN, N.Y. (AP)—Marse Joe McCarthy and Wahoo Sam Crawford formally enter Baseball's Hall of Fame today. Although McCarthy never made the majors as a player, he left his mark as a manager with nine pennants, eight of them with the New York Yankees. Under McCarthy's rule, the Yanks won seven World Series.

Crawford, 77, has been out of baseball since 1917. He collected 2,964 hits in 19 big league seasons at Cincinnati and Detroit.

Both McCarthy, 70, and Crawford were able to be present to accept the honors piled on them last February by the special 11-man Veterans Committee.

Cards Vs. Chisox
Under the new system of Hall of Fame voting, adopted last year, new members are selected on alternate years by the Veterans Committee and the 10-year members of the Baseball Writers Assn.

In recent years, McCarthy has been a regular visitor to this historic community on Otsego Lake where Abner Doubleday is supposed to have scratched out the first diamond with a stick.

The dedication of the plaques to the new members always is the most important business of the day. Later the crowd adjourns to Doubleday Field, where over 9,000 seats have been sold for the annual big league exhibition game.

If they had known the standings in advance, the directors couldn't have picked a better pairing than the 1957 game — St. Louis Cardinals and the Chicago White Sox.

Schoolboy Grid Drills To Start In Four Weeks

Just four weeks from today Adams County's scholastic grid-drills will begin workouts in preparation for the 1957 season. The PIAA has set Monday, August 19, as the first day on which practice will be permitted.

Ben Jones, new Gettysburg High School coach, sends word from the University of Maryland, where he is attending summer sessions, that he is hopeful his candidates have already begun to condition themselves inasmuch as stiff drills will start almost immediately.

Biglerville and Delone will also open drills on August 19.

Fourth place Taneytown pounded out a 6 to 4 victory over loop leading Blue Ridge Summit Sunday in Pen-Mar League play. Cashtown eked out a 6 to 5 victory over Emmitsburg in 11 innings and Union Bridge defeated Fairfield 5 to 1.

Danny Roth's great day at bat gave Cashtown its victory. Emmitsburg had all of its runs scored, one in the second, one in the third, two in the fifth and one in the sixth before Cashtown began to connect.

In the seventh Rohrbach singled to right field, then stole second; Danny Roth came up with the first of his triples to score Cashtown's first run then came in on Kitzmiller's single, after Rebert had grounded out and Fisel struck out, to give Cashtown its first two tallies.

Another Triple
The Bluffton College student, son of Mr. and Mrs. Arthur Roth of Orrtanna, playing his first year with the Cashtown squad, came up with another triple in the eighth to help Cashtown get its three runs in that period and tie the score. In the eighth Singley singled to left field, Herring sent a screaming line drive on its way. It struck the third baseman on the leg and Herring made it to second.

Roth blasted out his second triple of the game and Herring and Singley came in to make the score 4 to 5 with Cashtown still trailing. Rohrbach sent a line drive down to base and Roth was caught off base. Rohrbach stole second and then went on an overthrow by the catcher. Rebert, next at bat, flied out to center and Fisel singled to center to bring in Rohrbach with the tying run at 5 to 5.

In the 11th inning Singley singled to start things off, then stole second. G. Herring sacrificed Singley to third and Roth sacrificed, with Singley coming home with the winning run.

LIGHTWEIGHTS FIGHT TONIGHT AT ST. NICK'S

By JACK HAND
The Associated Press

Almost dwarfed in a week when heavyweights dominate the boxing scene, two little men clash tonight at St. Nicholas Arena in New York. Bobby Courchesne of Holyoke, Mass., and Bobby Bell of Youngstown, Ohio, figure to get the week off to a fast start although the outcome will have little to do with any title rankings.

The 10-round lightweight match will be seen on Du Mont TV in some sections.

Roland LaStarza, the New Yorker who once fought Rocky Marciano for the title after losing a split decision to him in his pre-championship days, continues his comeback tonight at Muzzy Field in Bristol, Conn. His opponent will be Al Anderson, also of New York.

Floyd Gets Ready
Floyd Patterson swings into the final week of training for his heavyweight title defense, Monday, July 29, against Tommy (Hurricane) Jackson at New York's Polo Grounds. The champ is drilling at Greenwood Lake, N.Y., while Jackson is working on the shores of the Delaware River at Columbia, N.J.

Eddie Machen, the young man who may be boxing Patterson (or could it be Jackson?) for the championship a year from now, faces hulking Bob Baker of Pittsburgh on the Wednesday show from Chicago Stadium.

Alex Miteff, another unbeaten heavyweight with his eyes on the future, takes on Julio Mederos, a veteran of 40 fights, in a Friday TV bout at Washington.

Ramon Conde's big bat played havoc with the Allentown Chiefs last night.

The Springfield third-baseman boomed out a home run, two doubles and two singles for a perfect day at bat. He drove in seven runs in the crushing 16-3 Giant victory at Allentown.

The only other Eastern League activity scheduled was a double bill at Albany, which the Binghamton Triplets swept, 10-6 and 2-0. Schenectady and Reading were idle, as the Blue Jays prepared to defend their first-place reputation against tonight's invasion by the League All-Stars.

On Saturday, visiting Schenectady won the opener of a double-header against Reading, 2-1, but lost the nightcap, 4-3. In another split twin bill, Springfield downed their Allentown hosts 5-3 in the first game but took a 14-3 setback in the second. At Albany, the Senators rolled over Binghamton, 7-2.

"You can't afford to miss the easy ones in this league," said the big blonde Australian who signed with Kramer after he won the Wimbledon title two weeks ago. "Miss a couple when you're an amateur and you still can win, not with the pros."

Bows To Gonzales
Hoad finishes his first job for Kramer yesterday in the Tournament of Champions. He wound up with a 2-3 record and bowed to champion Pancho Gonzales, 9-7, 6-4, 3-6, 6-3.

Promoter Kramer, who just about broke even on the event, had hoped both Hoad and Gonzales would go through undefeated and meet for the championship the final day.

"But I'm not discouraged," he said. "After all, it was my first tournament and I thought I did all right, all things considered."

Better First Service
"But I've got to get a more consistent first service, for one thing. As soon as you miss your first serve in this league, you're on the defense."

"As for Gonzales, he certainly is the steadiest player I've ever seen. He keeps the pressure on all the time. Every time I thought I had a good return of his service and was figuring on getting a point, he would stick out his long arm and bash it back at me. Then one step and he has the court covered."

SEIXAS IS GOING AFTER 8TH TITLE
HAVERFORD, Pa. (AP)—Vic Seixas, who won the National Clay Courts Championship in Chicago yesterday, returns to home grounds to seek his eighth Pennsylvania Lawn Tennis crown today.

The tournament gets under way at the Merion Cricket Club. Seixas, of Philadelphia, is defending the Pennsylvania title against such strong contenders as Sammy Giammalva, Houston, Texas, and Australia's top amateurs, Ashley Cooper and Neale Fraser.

Competition among the women includes Mrs. William Du Pont Jr., Wightman Cup captain; Darlene Hard, Montebello, Calif., who was Wimbledon runner-up to Althea Gibson; Janet Hopps, Seattle, Wash., and Karol Fageros, Miami. Miss Gibson is passing up the event to take a rest.

Eastern League
BY THE ASSOCIATED PRESS
Ramon Conde's big bat played havoc with the Allentown Chiefs last night.

The Springfield third-baseman boomed out a home run, two doubles and two singles for a perfect day at bat. He drove in seven runs in the crushing 16-3 Giant victory at Allentown.

The only other Eastern League activity scheduled was a double bill at Albany, which the Binghamton Triplets swept, 10-6 and 2-0. Schenectady and Reading were idle, as the Blue Jays prepared to defend their first-place reputation against tonight's invasion by the League All-Stars.

On Saturday, visiting Schenectady won the opener of a double-header against Reading, 2-1, but lost the nightcap, 4-3. In another split twin bill, Springfield downed their Allentown hosts 5-3 in the first game but took a 14-3 setback in the second. At Albany, the Senators rolled over Binghamton, 7-2.

RIGHTS BILL TO FACE CHANGES FROM SENATORS

By JOHN CHADWICK
WASHINGTON (AP)—The Senate starts a third week of debate on the administration's civil rights bill today with supporters vowing to keep its right-to-vote provisions intact.

Their expressed determination on this point coincided with mounting indications that only a last-minute compromise could save another section aimed at strengthening the enforcement of all civil rights.

All sides seemed to be in agreement, however, that an old Reconstruction era law permitting the President to use the armed forces to carry out court orders in civil rights cases should be repealed.

Senators Knowland (R-Calif.) and Humphrey (D-Minn.), leaders in the fight for the civil rights bill, joined in offering an amendment to do this. The amendment is expected to be voted on during the day.

Adoption of this amendment would be the first Senate change in the bill passed by the House.

It also would represent a concession to Southern senators who protested that, under the wording of the bill, the old troop-authority law could be used to force school integration and other mixing of the races on the South "at bayonet point."

Supporters Argue
The bill's supporters replied that President Eisenhower had

made clear there was no intention of using troops to enforce the Supreme Court's school desegregation decision.

They accused the Southerners of throwing up a "smoke-screen" argument, but they said they had no objection to repealing the old law.

In the Senate debate so far, the principal controversy has centered about Part 3 of the bill. This would authorize the attorney general to obtain federal court injunctions against violations, or threatened violations, of civil rights in general.

Contempt Of Court
Similar authority is provided in another section for the protection of voting rights. Under both sections, persons accused of disobeying injunctions obtained by the government could be convicted and jailed for contempt of court with a jury trial.

Senators Anderson (D-NM) and Aiken (R-Vt.) have offered an amendment to strike out Part 3 of the bill, and present indications are that the Senate may vote on this tomorrow. If adopted, it would tend to limit the bill to enforcement of voting rights.

Administration leaders and Northern Democrats tried and failed last week to find some mutually acceptable substitute for Part 3 of the bill, but both Knowland and Humphrey said there was a possibility that a basis for agreement might yet be found.

The White House reportedly was urging Republican Senate leaders to renew their efforts to reach an agreement with the Northern Democrats before the Anderson-Aiken amendment is brought to a vote.

Knowland, the Senate GOP leader, said he was confident that

100,000 HEAR BILLY GRAHAM

NEW YORK (AP)—Evangelist Billy Graham resumes his New York crusade in Madison Square Garden tomorrow night.

Graham took yesterday and today off for rest.

The crusade, which had been due to end last Saturday night, has been extended through Aug. 10. The campaign started May 15. On Saturday night the evangelist drew a crowd of 100,000 to an outdoor meeting at Yankee Stadium. The rally was the largest ever held by Graham in the United States.

The crowd was also the biggest ever to attend an event in the stadium.

Vice President Richard M. Nixon was Graham's guest of honor. Nixon spoke briefly in a portion of the meeting telecast over a local station.

The vice president said the progress and strength of the United States have come about because the nation has always had "a deep and abiding faith in God."

Graham told the throng that the nation is in danger of destruction and that only prayer and faith can pull it through.

He listed communism and a push-button, hydrogen-bomb war as two great external dangers. Racial tension is a great internal source of trouble, he said.

He put most emphasis, however, on a fourth danger—"moral deterioration."

PATIENT HUSBAND
MEXICO CITY (AP)—Alberto Perez told police his wife had given him a hard life for years. But he had made no official complaint, he said, until she beat him with a broomstick and then made off with some of the most valuable objects in the household.

efforts to write a jury trial amendment into the voting rights section of the bill, a major objective of Southern opponents of the legislation, would be defeated.

Trapped 40 Hours In Death Plane; Girl Will Recover

ALLIANCE, Neb. (AP)—Complete recovery was predicted today for 17-year-old Judy Diehl, who endured 40 agonizing hours trapped in a crashed airplane with the bodies of her parents and a friend.

Dr. O. L. Seng said the Cozad, Neb., girl was in "fair condition" and "we expect complete recovery."

Judy suffered a fracture of the upper left leg, possible fractures of the lower legs, lacerations and abrasions when a light plane crashed 25 miles south of Bingham, Neb., Friday night.

Her Foot Caught
The girl's foot was caught under a seat and she was forced to remain in the plane until she sighted a search plane overhead and waved a white scarf yesterday.

"We were amazed to find someone alive," said Don Christiansen, photographer of the Alliance (Neb.) Times-Herald, one of the first at the scene.

Christiansen said the bodies of Judy's father, Merritt Diehl, 45, and of the pilot, Milo German, 55, Cozad plastics plant operator, were in the front seat. Judy's mother, Carolyn, 45, was beside the girl in the rear of the plane.

Jet Plane Canopy Crashes To Earth
PHILADELPHIA (AP)—A metal and plastic plane canopy from an Air National Guard F98 jet interceptor plane crashed into a residential neighborhood in suburban Havertown yesterday.

The canopy narrowly missed several homes and buried itself in a mound of dirt in the midst of a new housing development. It fell about 50 yards from the nearest dwelling.

The pilot, Lt. Mark Pfeiffer, said the covering ripped loose as he was making his long distance approach to International Airport. He landed safely.

James MARLOW Reports

The Associated Press
WASHINGTON (AP)—It would be a bitter pill for them, but Negroes would still be ahead if President Eisenhower's civil rights bill wound up with nothing left but a watered-down bit to protect their voting rights.

Southern Democrats, shooting to kill all four sections of the bill, will fight it piece by piece. They may not succeed entirely. But they've already done it damage. It seems certain whatever is passed will be less than Eisenhower asked.

It must be remembered that in this fight, when the Southerners say they want to amend and soften one section of the bill, they have already said their aim in the end is to destroy altogether.

What Section 4 Says
They have been hanging away at Section 4, which specifically applies to the protection of voting rights. This section says:

When an individual's voting rights are violated — say by a Southern registrar of voters who won't let a Negro register — the attorney general can step in and ask a federal judge for an order telling the registrar to stop.

If he disobeys then he can be brought into court, tried for contempt by the judge without a jury trial, and jailed. Southerners protest at the thought of anyone in such a situation being tried without a jury.

Reasons For Jury Trial
The Eisenhower administration and the bill's supporters in Congress argue for trial by judge without a jury, in a case like that and for these reasons:

It's faster. It could stop a voting right violation while it was still happening instead of waiting until it was all finished. For example:

If a registrar disobeyed a judge's order he could be tried and jailed before the election, thus making it possible for the Negro to vote. If a jury trial was held, it might not take place until after the election.

28 Laws On Books
These added reasons for trial by judge are given:

It's questionable—if a registrar reflects the attitude of his townpeople in keeping a Negro away from the polls—that his neighbors on the jury would convict him.

Further, there are 28 laws on the books under which a judge by himself can try persons for contempt of his orders and the reasoning goes, a judge ought to be able to back up his orders with action and punishment.

It's possible the Southerners—if they can't destroy the whole bill—will get Section 4 toned down by an amendment providing for trial by jury instead of by judge.

Does this mean a total loss for Negroes? Not if looked at realistically.

What Would Happen
This is what would happen if the amended Section 4 still let the attorney general step in to get a court order even though disobedience wound up in a jury trial.

The disobedient individual would be called into court and presented with the complaints or evidence of his disobedience in the form of affidavits from those whose voting rights he had continued to violate.

These would at once become a matter of public record, as would the testimony at the subsequent jury trial.

To the extent that this disclosure had a psychological effect on a Southern community, by drawing national attention to its attitude and activities, the Negroes would stand to gain something. It might have a deterring effect.

The first textile mill in America was built in 1790 at Pawtucket, Rhode Island. It is now restored.

PLCB FOLLOWS FAYETTE COURT PINBALL CASES

UNIONTOWN, Pa. (AP)—The Pennsylvania Liquor Control Board was reported today to be closely following testimony in the Fayette County hearing in which the state charges pinball machines are gambling devices.

Where payoffs have been shown, from machines in licensees' places, the licenses will be cited for suspension or revocation of license on gambling charges, Dep. Atty. Gen. Guy Lindsay, of Pottsville, told a reporter. Lindsay is assigned by the state as counsel to the Liquor Control Board.

Furthermore, he said, if the Fayette County Court rules the machines are gambling devices, citations will be issued against all licensees involved, Lindsay said.

Forbidden By Law
The state liquor law forbids gambling or operation or maintenance of gambling devices in any licensed establishment.

Judge Eustace H. Bane has been conducting hearings on the state's petition for the right to destroy as gambling devices 41 pinball machines seized recently in raids at Uniontown, Brownsville and Conneville.

Testimony for the state was scheduled to be resumed when court convened. The commonwealth has indicated it has one additional witness to be called.

Defense attorneys say they will need approximately a day to present rebuttal witnesses in support of the claim that the machines are games of skill and for amusement only.

Crying Redbud Tree Spurts "Tear" Mist

DALLAS (AP)—A tree on a crying jag helps keep the W. S. Werners cool.

Branches of the redbud tree spurt tiny jets of a clear liquid. Werner said from a distance it "looks like a fine mist." The branches produce droplets which look similar to "large tears," he said.

A nurseryman, Werner said, told him the trunk may have loaded up on water during the heavy spring rains.

McGonigle Is New GOP Finance Head

HARRISBURG (AP)—Arthur T. McGonigle, Reading manufacturer, has been named by the Republican state committee to the chairmanship of the state Republican finance committee, succeeding Samuel W. Ewing, Haverford. Ewing resigned because of the pressure of private business.

McGonigle is head of Bachman Bakeries in Hyde Park, near Reading. The firm produces pretzels.

Sailor And The Queen

Miss Universe, Peru's Gladys Zender, 17, dances with Cadet Glennon Woods, from Pensacola, Fla., Naval Air Station, at coronation ball which climaxed week-long beauty pageant in Long Beach, Calif., Saturday. Miss Zender had learned earlier that contest officials had ruled that she could retain the Miss Universe crown even though she was only 17. Contest rules specify that entrants must be 18. Miss Universe Is Only 17 But She Is Allowed To Keep Title

LONG BEACH, Calif. (AP) — In any language, this year's Miss Universe pageant boils down to a translation of one word — chaos, sheer chaos.

It developed Saturday night that Miss Peru, queen of the entire pageant, was really only 17—under age by contest rules.

This came not too long after the disclosure that Miss U.S.A. was very much a missus, working on her second marriage, in fact, and was a mother of two — violating another entry rule that contestants must be unmarried.

Officials banished Miss U.S.A. — right into a whirlwind of publicity — but allowed Miss Peru to keep the title she won over beauties from nearly three dozen countries.

Must Be Chaperoned
Miss Peru, statuesque Gladys Zender, accepted her diadem gracefully. However, her father, Eduardo Zender, a wealthy Lima industrialist, threw contest officials into another tizzy when he at first refused to allow his daughter to accept promotional trips sponsored by a bathing suit manufacturer and cosmetic firm.

Finally, Zender consented, provided his raven-haired daughter be chaperoned by her mother.

Then Miss Universe sealed down to a quiet reign that included Mass yesterday at St. Anthony's Catholic Church here followed by a dinner-dance with other contest lovelies at the swank Beverly Hilton Hotel in nearby Beverly Hills.

Solace For Loser
There was also solace for Miss U.S.A.—Mary Leona Gale Ennis of Maryland, who was showered with offers for television appearances and showgirl jobs.

In Baltimore, Mrs. Ennis admitted her marriage to Air Force Sgt. Gene H. Ennis, 18, was her second. Her first, at the age of 14, was annulled, the 18-year-old beauty said.

She appeared on the Ed Sullivan television show last night and said her ambition is to become a dramatic actress.

Contest officials, meanwhile, promised no such snafus at next year's pageant. Rules will include specific dates between which a contestant must be born in order to enter, officials said, and complete records will be kept on all girls competing.

BOY DROWNS
DUNCANNON, Pa. (AP) — A 16-year-old boy drowned in the Susquehanna River last night while on an outing with his family at the nearby Clark's Ferry Bridge.

Dauphin County Coroner Thomas J. Frithcay said the youngster was at a swimming party with his parents, Mr. and Mrs. Bruce E. Corman, of Halifax R.D. 2.

Mrs. Corman missed the youngster after 8:30 p.m., and summoned Duncannon firemen who recovered the boy's body in eight feet of water. Efforts to revive the boy failed.

By THE ASSOCIATED PRESS
Traffic accidents and drownings vied with each other in the toll of accidental deaths over a hot Pennsylvania weekend.

Six persons were reported dead from automobile crashes and six from drownings in the state.

The count was pushed to 13 by the death of another Pennsylvanian, found dead on a railroad track, apparently struck by a train.
